ANNUAL REPORT 2024-25

PRINCIPAL'S MESSAGE

Dear Students, Esteemed Guests, Faculty Members, and Staff,

It is with great pride and gratitude that I present the Annual Report of Motilal Nehru College for the academic year 2024-2025. This report reflects not only our achievements but also the commitment, perseverance, and collective efforts of our students, faculty, staff, and the wider college community.

This year has been one of growth, innovation, and resilience. Our academic programs continue to expand and adapt to the changing needs of society, and our students have once again demonstrated excellence not only in their studies but also in extracurricular and community engagement activities. We take great pride in their accomplishments, which stand as a testament to the quality of education and mentorship provided at Motilal Nehru College.

Our faculty members have continued to push the frontiers of knowledge through research, conferences, and publications, contributing meaningfully to their fields and enhancing the academic environment on campus. Infrastructure developments, new partnerships, and the introduction of forward-thinking initiatives have further strengthened our institution's position as a leader in higher education.

As we celebrate our successes, we remain mindful of the challenges ahead. It is our collective vision and unwavering commitment to excellence that will guide us as we continue to nurture minds, foster innovation, and build a community grounded in values, knowledge, and service. This occasion gives us an opportunity to reflect on our achievements and to look forward to even greater milestones.

It gives me great pleasure to share some significant developments at Motilal Nehru College during the academic year 2024-2025.

This year, we have successfully promoted 25 of our esteemed Associate Professors to the rank of Professor across various departments, in recognition of their outstanding academic achievements, dedicated service, and contribution to the growth of the institution. Their promotion marks an important step in strengthening our academic leadership and fostering a culture of excellence.

In addition, one of our Assistant Professor has been promoted from Stage 1 to Stage 2, reflecting their continued professional development and commitment to academic excellence.

We are also pleased to announce the appointment of two Senior Assistants in non-teaching posts, further enhancing the efficiency and administrative strength of our college.

These developments demonstrate our ongoing commitment to recognizing merit, encouraging growth, and building a strong academic and administrative foundation for the future.

I congratulate all the promoted faculty members and newly appointed staff, and I look forward to their valuable contributions in taking Motilal Nehru College to greater heights.

It is a moment of immense pride and joy for Motilal Nehru College to share that one of our distinguished alumni from the batch of 2020–2023 has successfully cleared the prestigious UPSC examination, securing an impressive All India Rank of 52.

This remarkable achievement is a testament to the hard work, dedication, and excellence that our institution strives to instill in every student. It also serves as a source of inspiration for our current and future students to aim high and pursue their dreams with determination.

We are confident that this success is just the beginning, and we expect many more of our students to excel in competitive examinations like UPSC, contributing significantly to society and bringing greater laurels to Motilal Nehru College.

I extend my heartfelt congratulations to our proud alumnus and wish all our students the very best in their future endeavors.

This year has been particularly significant in terms of infrastructure development aimed at enriching the academic and co-curricular environment for our students. I am pleased to share some of the key advancements:

- We have successfully constructed a new Chemistry Laboratory with a capacity of 30 students, equipped to meet the latest academic standards.
- Two new Computer Laboratories have been established, each accommodating 35 students. These labs are furnished with the latest i7 all-in-one computers with SSD drives, ensuring our students have access to cutting-edge technology.
- A new Basketball Court and a new Badminton Court have been built to promote sports and physical fitness among our students.
- We have also initiated the construction of a new Auditorium building along with Smart Classrooms. We expect this project to be completed within the next 10 months, adding a modern space for academic, cultural, and community activities.

These developments are a step forward in our vision to provide a holistic education that balances academic excellence with co-curricular growth. I would like to thank all faculty members, students, and staff for their unwavering support, and I assure you that we will continue working towards making Motilal Nehru College a centre of excellence.

Let us move forward with renewed energy and a shared commitment to achieving even greater heights.

Wishing you all the very best.

Thank you.

DEPARTMENTAL ACTIVITIES

DEPARTMENT OF CHEMISTRY

QUIMICA – The Chemical Society

The Chemistry Society is more than just an academic group; it's a community where chemistry lovers come together to learn, grow, and share their passion. Guided by our convenor, Dr. Manish Kumar, the society has created a space where students get to go beyond classroom learning and explore the real-world wonders of chemistry.

Our journey so far has been full of excitement and curiosity. We've hosted engaging seminars that brought fresh ideas and insightful discussions to the table. One of our most memorable moments was an educational trip to the Kurukshetra Panorama and Science Museum. It gave us a refreshing break from the usual routine and allowed us to experience science in action—right where history and innovation meet.

At QUIMICA, we believe that chemistry isn't just about equations and reactions—it's about discovery, collaboration, and making sense of the world around us. Whether it's planning events, meeting like-minded peers, or simply sharing fun facts over coffee, our society has become a place where students truly feel connected.

As we look ahead, we aim to keep that spirit alive—encouraging curiosity, sparking conversations, and building a vibrant chemical community one step at a time.

The department has continued its tradition of academic excellence and vibrant extracurricular engagement under the leadership of a dedicated team of faculty members. The department's faculty list includes Dr. (Ms.) Vandana Sethi, Sh. Mahendra Singh, Sh. A. Sunil Dharan, Ms. Menka Singh (Teacher-in-Charge), Dr. Ajad Singh, Ms. Vinita Jagdev, Dr. Mukesh Kumar, Dr. Amrit Lal Meena, Sh. It is a matter of great pride that during this academic year, two of our distinguished faculty members, Dr. (Ms.) Vandana Sethi and Dr. Ajad Singh, were promoted from Associate Professor to Professor, marking a significant milestone in their academic careers and adding further strength to the department.

Throughout the year, all academic and extracurricular activities were conducted smoothly, reflecting the collective efforts and commitment of both faculty and students. As part of our annual tradition, the Economics Department successfully organized its Annual Fest, which witnessed active participation and enthusiastic engagement from students. During the academic session, two insightful speaker sessions were organized. The first was a lecture by Prof. Surender Kumar, Senior Professor, Department of Economics, DSE, on "Growth of Micro Enterprises for Inclusive Prosperity," held on 12th April 2025. The second speaker session, delivered by Dr. Akhil Alha, Assistant Professor, Council for Social Development, focused on "The Question of Caste and Gender in the Political Economy of Gig Work in India," conducted on 11th April 2025. Both events provided an enriching platform for students to interact with eminent scholars and gain valuable perspectives on contemporary economic issues.

The department also maintained its internal coordination through regular meetings, ensuring the smooth functioning of all academic and administrative responsibilities. Faculty members have continued to excel in research, with over twenty research papers and newspaper articles published during the year. Several faculty members have actively participated in workshops and international conferences, further enhancing their academic and professional growth.

Despite these achievements, the department recognizes certain urgent requirements to elevate the quality of teaching and research. There is an immediate need for a dedicated Departmental Room, which would serve as a collaborative space for faculty and students. Furthermore, the subscription to statistical software like STATA is deemed essential for enhancing the analytical and empirical research capabilities of our students and faculty.

In conclusion, the Department of Economics has had a fulfilling and productive academic session, marked by significant achievements in teaching, research, and student development. With continued institutional support, the department is committed to reaching greater heights in the years to come.

A talk on National Development and Social Responsibility was successfully conducted on 02 April 2025 in the Seminar Hall. The session was graced by the esteemed presence of Shri Suresh Jain Ji, the National Organizing Secretary of Bharat Vikas Parishad, who served as the chief guest and keynote speaker.

Shri Suresh Jain Ji shared insightful perspectives on the importance of collective responsibility toward nation-building. Emphasizing the values of self-reliance, community service, and cultural pride, he inspired the audience to actively contribute to societal growth. He also highlighted various initiatives undertaken by Bharat Vikas Parishad across the nation that aim to promote education, health, and patriotism. The seminar witnessed enthusiastic participation from students, faculty members, and dignitaries.

An engaging Q&A session followed the keynote address, during which Shri Jain Ji patiently addressed queries and motivated attendees to uphold ethical values in both their personal and professional lives.

After the completion of the guest's session, a Current Affairs Quiz was conducted around the theme "Development in India." The quiz comprised two rounds: the first was a written round featuring one-word answer questions, and the second was a rapid-fire round designed to test quick thinking and awareness. Participants displayed great enthusiasm and competitiveness throughout the event, and the winners were felicitated with certificates and cash prizes in recognition of their knowledge and swift responses. The quiz added an interactive and lively dimension to the program, leaving everyone both informed and motivated.
