## VIKSIT BHARAT @ 2047

### Discussion Paper for Universities on Envisioning India's Future for 2047

#### Introduction

In the grand narrative of its history, India stands at a transformative crossroad. This century is set to witness India's remarkable ascent in global significance and development. Presently the world's 5th largest economy, India is on track to become the 3rd largest by 2027, with a GDP exceeding US\$ 5 trillion as per IMF projections. By 2047, marking a hundred years of independence, India is envisioned to emerge as a powerhouse, not just economically, but also in terms of technological innovation, sustainable development, social equity, and cultural richness, collectively marking the attributes of a fully developed nation – a true Viksit Bharat.

#### India's Pinnacle Moment – A Historic Opportunity

Termed as India's 'Golden Phase', the nation is on the verge of an economic and social renaissance. There has been significant progress in various sectors:

**Educational Expansion:** The Indian education system has witnessed an unprecedented growth, boasting a substantial increase in the number of educational institutions and student enrolments, creating a vast pool of educated youth.

**Healthcare Advancements:** India's healthcare sector has seen a remarkable expansion, with increased accessibility to medical facilities, significant improvements in public health indicators, and an overall enhancement in the quality of healthcare services.

**Rural Transformation:** The countryside has seen a profound change, with improved infrastructure, connectivity, and access to basic amenities, significantly narrowing the urban-rural divide.

**Technological Leap:** The country has made significant strides in digitalization, with widespread mobile and internet penetration, and advancements in IT and technology sectors, becoming a hub for innovation and digital solutions.

## India's Demonstrated Capacity for Rapid Advancement

The past decade stands testament to India's ability to leapfrog developmentally:

**Space Exploration:** Achievements in space technology, including missions like Aditya L1, Mangalyaan, Chandrayaan-3 have put India on the global map of space research, showcasing cost-effective and innovative space capabilities.

**Renewable Energy:** India's commitment to sustainable development is evident in its aggressive push towards renewable energy, making significant strides in solar and wind energy.

**Digital Infrastructure:** The creation and rapid expansion of robust digital infrastructure, including initiatives like Digital India, have transformed the nation's digital landscape.

**Global Standing:** India's growing influence in international affairs, evident in its leadership roles in global forums, reflects its enhanced global standing and diplomatic prowess.

### The Road Ahead – Crafting a Viksit Bharat@2047

As India embarks on this journey towards a developed status, it requires a collective vision and concerted efforts across multiple dimensions:

1. How should a Viksit Bharat look like in 2047 in different aspects?
2. What do we need to do to reach those goals?
3. What can you do to make ViksitBharat@2047 possible?

### Focal Areas for Deliberation:

**Empowering Citizens:** Ensuring holistic development and inclusivity.

**Economic Resilience and Sustainability:** Building a robust and sustainable economy.

**Innovation and Technology:** Fostering a culture of innovation and technological advancement.

**Effective Governance and Security:** Strengthening governance and ensuring national security.

**Global Integration:** Enhancing India's role and standing on the global stage.

This discussion paper invites insights and ideas from academic institutions across the nation to contribute to this grand vision, shaping the future of a Viksit Bharat@2047.
